

## ITALIAN PREMIER AND CABINET RESIGN

### ORLANDO FAILS TO SECURE VOTE OF CONFIDENCE

#### King Reserves Decision as to Acceptance

(By The Associated Press.)  
ROME, June 19.—The Italian government resigned this evening following a vote of confidence in the chamber of deputies.

Premier Orlando is announcing his resignation and that of the cabinet as King Victor Emmanuel has reserved decision as to acceptance.

**Regret Orlando's Motion.**  
The chamber of deputies had by a vote of 259 to 78, rejected Premier Orlando's motion in favor of discussing the question of confidence, which related to the foreign policy of the government in secret session.

Prior to the vote Premier Orlando in addressing the chamber said: "Italy's peace with Germany and Austria has been solved in a manner with which on the whole I am satisfied."

Insisting on the necessity of a secret session the premier declared that the government needed greater confidence and would treat his motion for a secret session as a question of confidence.

The socialists immediately opposed this. Signor Orlando in his address said Italy's position had been considerably aggravated by international events during the second fortnight of April. He referred to President Wilson's message regarding the Adriatic question.

The Italian delegation at the peace conference, the premier added had followed this policy: First—Maintain with firmness all the essential points of the Italian claims without which Italy is convinced peace will be neither just nor adequate to the immense sacrifices suffered.

Second—Remain faithful in your duties toward the allies.

Third—Avoid any blind form of obstinate intransigence. Instead facilitate conciliatory suggestions capable of producing accord in the conference over the problems concerning Italian frontiers.

**Urged Separate Discussion.**  
Signor Orlando urged parliament to separate the discussion of foreign affairs from the internal policy of the country, the latter being virtually absorbed in the grave question of the high cost of living.

Past history showed, he said, that internal perturbations were transitory and that equilibrium soon would be regained. The government, the premier continued, was determined to strengthen the defense of consumers against the cupidities of speculation, which had assumed almost the form of folly. The government intended to suppress to the utmost the machinations of the middleman and aid in bringing about co-operation among consumers.

Having complete control of bread, rice, cereals, sugar and petroleum, he added the government would sell them at low fixed prices. Meat would be imported he said and distributed at the cost price without profit and without tax.

In summing up the situation Signor Orlando said: "The deep unrest throughout the world leads to pessimism such as was never experienced during the war. Immediately after the armistice was signed the peoples in general, Italy in particular, never went through such dark days as now. This is the most acute phase of the immense crisis arising from the war. Nevertheless, I am not discouraged, believing as I do that the situation gradually will ameliorate."

### Wilson Speaks To Belgian Law-Makers

(By The Associated Press.)  
BRUSSELS, June 19.—(By The Associated Press.)—The king and queen of the Belgians said good bye to President and Mrs. Wilson tonight after a day of functions and sightseeing that taxed the energies of every individual in the American party.

The president made three speeches and an extended tour of the battlefields, attended a luncheon and a formal dinner by the king. Had there been any doubt to the feeling between Americans and Belgians it was removed in the chamber of deputies when the president was warmly applauded by the members and those gathered in the galleries.

In a simple, straightforward manner he brought them to the realization that America was not dealing with the past; that now is the time for credits and it is proposed to extend them.

The president in the course of his speech said he had in mind to suggest to congress to elevate the legation at Brussels to an embassy and the post of minister to ambassador.

The appearance of President Wilson before the chamber was the most important feature of the day's program, but it was rivaled by the reception of Burgomaster Max at the Hotel de Ville later in the day.

The burgomaster who had defied the Germans, welcomed the guests before a gathering of the capital's prominent citizens saying: "You represent a noble people whose generous aid preserved millions of human beings from famine and whose prodigious work made of the United States the great store house and arsenal of the entire world."

With King Albert, the president entered the chamber of deputies, where Mrs. Wilson, Margaret Wilson and the queen were escorted to their seats.

The hall was filled, every member's seat being taken, and the galleries were crowded with men and women, all wearing mourning.

The president with the king, was seated on the floor of the house, directly in front of the speaker. The queen and Mrs. Wilson occupied places to the speaker's left.

The Belgian minister of foreign affairs, Paul Hymans, expressed gratitude for the part America played in the war.

### ARRANGE DETAILS OF DEPORTATION HEARING

WINNIPEG, Man., June 19.—Details of the deportation hearing for the eleven arrested strike leaders were arranged at a conference today. A. J. Andrews, special prosecutor for the dominion government, G. D. Robertson, Canadian minister of labor and Manitoba immigration officials met with five representatives of the central strike committee headed by James Winnick, president of the Winnipeg Trades and Labor Council.

No date was set for the trial of the conference but it will be held as soon as arrangements can be completed, it was said, probably next Friday. Efforts will be made by the dominion government to establish charges of seditious conspiracy against the eleven men in order to secure deportation orders for them. The sympathetic strike entered upon its sixth week today and prominent business men declared evidences of disintegration was more evident in the numerous conferences between various employers and their employees to adjust differences.

### HOUSE ADOPTS TEN ROUND BOXING BILL

#### Measure Goes to Governor—Must Stay Until Midnight

(By The Associated Press.)  
SPRINGFIELD, Ill., June 19.—By a vote of 83 to 41 the house today passed the ten round commission boxing bill. The victory of the fight fans came after years of defeat from the hands of legislators.

The measure, which was drawn by the senate license and miscellany committee provides for a commission, of three to be named by the governor, limits the weight of gloves to six ounces and prohibits defenses.

Representative Church's boxing bill, known as the "pink tea bill" limiting the number of rounds to three with a possible fourth, was defeated, 31 voting in the affirmative and 45 in the negative.

**Goes to Governor.**  
The ten round measure now goes to the governor for action, and supporters of the bill say he will sign it.

Commissioners would serve without compensation, but the bill authorized a secretary at \$3,600 a year. Five per cent of the gross receipts of contests would flow into the state treasury and licensees would be required by clubs staking fights, ranging from \$25 to \$500 depending on the size of the contest city.

Minority Leader Igoe sponsored the bill and was aided by Representatives Laporte and Browne.

Representative Church, author of the amateur measure, backed by Chicago ministers, opposed the commission bill.

Boxing legislation came up by agreement shortly before six p. m. the house stopping action on the series of sixty-nine tax adjustment measures in order finally to dispose of the boxing issue. Certain that the Chicago program for more bonds would be a reality was apparent in the crumbling opposition to the Glavin bills which went over with safe majorities thru the afternoon.

Just before adjournment of the afternoon session, Speaker Shanahan announced that it would be necessary to stay until midnight tomorrow night before the calendar could be cleaned up.

**Conference Committee Busy.**  
Members of the conference committee of both houses were busy tonight trying to agree on a measure limiting the working hours of women as a substitute for the Barr, "nine hour bill." A tentative schedule was in prospect as follows:

Factories, a nine hours day and fifty-four week; mercantile establishments, laundries, newspapers and telegraph and telephone offices, ten hour day and fifty-five hour week; hotel and restaurants, ten hour day and fifty-eight hour week; places of amusement and public utilities, nine hour day and fifty-eight hour week; and canning factories, ten hour day and sixty hour week.

Governor Lowden who sent a special message yesterday urging legislation to place restrictions on the number of hours women might be employed is known to have concurred with the conference committee since his return from Chicago.

### Kills Neighbor In Quarrel Over Trapdoor

(By The Associated Press.)  
GALENA, Ill., June 19.—Earl Fitch, 37, cashier of the Merchants National bank was shot and killed in front of his home at noon today by his next door neighbor, Frank Willy, the police say. Four shots were fired two going wild.

Fitch, who was prominent here, formerly was connected with the Commercial National Bank of Chicago.

Mrs. Fitch witnessed the killing and herself received a powder burn on her right arm while attempting to hold her husband who had fallen after being shot. One bullet had entered his throat and the other the hip.

Willy was arrested at the dining table and calmly asked officers who had come for him to wait until he had finished the meal. He declared he had killed Fitch in self defense, but further than that would not talk about the tragedy.

When the officers appeared at the house Willy's sister, Mrs. Armbruster, with whom he made his home, sought to prevent the officers from entering the dining room, saying Willy would come after he had finished eating. They brushed her aside and entered.

Willy was taken to the county jail pending a preliminary hearing. In the absence from the city of the state's attorney, officials would not permit interrogation of Willy.

According to the police a neighbor's quarrel about a trapdoor making joint access to a double cellar was the cause leading up to the shooting. Mr. Fitch had complained several times, it was said, about the door being left open. He had feared one of his three children might fall into the opening.

The police under Mrs. Armbruster had left the door open today and Fitch had remonstrated with her. She had entered the house when Willy appeared and encountered Fitch near the trapdoor. Then Willy was said to have drawn a revolver and started shooting.

Following the first shot, Mrs. Fitch ran from her home and caught her husband in her arm, as the shooting continued. It was the powder flash from one of the other shots that burned her arm as she held the wounded man.

Tonight Mrs. Fitch was prostrated and under the care of a physician.

The slaying aroused the citizens to whom Mr. Fitch had been favorably known during a residence of eleven years.

### CONCENTRATION TO BE COMPLETED SATURDAY

COBLENZ, Wednesday, June 18.—(By The Associated Press.)—The concentration of American, British, French and Belgian troops, begun by order of Marshal Foch, preparatory to advancing further into Germany will be completed Saturday when several hundred thousand allied soldiers will stand ready to march toward Berlin if the Germans do not sign the peace terms.

### Urges Country Do Right By Its Soldiers

(By The Associated Press.)  
PHILADELPHIA, June 19.—"Our men fought with splendid courage. They lived up to the highest traditions of our military service, and in their performance of duty gained the admiration of Europe. They never failed; they always took their objective. Their courage was resistless."

Thus spoke Major General Leonard Wood today at the commencement exercises of the University of Pennsylvania. General Wood urged that this country must do the right thing by returning soldiers. "If we do," he declared, "we shall have in the home of each one of them a center of patriotism and a spirit of service which will go far to keep alive a sound, patriotic spirit. A great part of the world is very much upset and dangerous ideas are abroad. We want to keep our feet on the ground and hold onto the ideas and policies which have made us great. We must do all we can to build up a sound nationalism, an intense spirit of Americanism."

"We must do all we can in this period of re-adjustment to maintain the best possible relations between labor and capital, for they are inter-dependent. We do not need a dictatorship of either capital or labor, but a real democracy in both, characterized by a spirit of co-operation and helpfulness."

**Room for But One Flag.**  
There is room in this country for but one flag, and that is the American flag. Put down the red flag! It stands for nothing which our government stands for. It is against every thing we have struggled for. The experience of the training camps brought out very forcibly the desirability of having but one language in our grade public schools, and that language should be the language of the Declaration of Independence of the constitution, of Washington, Jefferson, Lincoln, Cleveland, and Roosevelt.

"We must do all we can to maintain that fine feeling which exists between ourselves and our allies, the kind which makes treaties and understandings enduring."

"Strong propaganda will eventually be brought to bear upon our people with a view to driving a wedge between us and the allies especially between ourselves on the one side and England and France and Italy on the other. The enemy does not want an enduring understanding between us. If he can separate us and sow discord and hate he may yet win the war."

"While we welcome desirable immigration and extend a helping hand to those immigrants who come to us with the intention of adopting our customs and living up to our ideals, we should turn our faces against those who come to us with ideas repugnant to our civilization and ideas hostile to our form of government."

"We must also look ahead to the establishment of a sound system of national preparedness; not a preparedness for war, but a preparedness which will be an assurance against war."

### WOOLEY ADDRESSES VIRGINIA BANKERS

OLD POINT COMFORT, Va., June 19.—Return of railroads to private operation during the re-adjustment period would occasion a necessity for increased freight rates that would mean a rise in prices in this country, said Robert M. Wooley, member of the interstate commerce commission declared in an address here today before the annual convention of the Virginia Bankers' Association.

Owing to the cut in railroad revenues caused by diminishing traffic during the re-adjustment period and other conditions, said Mr. Wooley, the interstate commerce commission would be forced to grant an increase in rates if the roads were returned to permit them a fair revenue. For these adjustment conditions would prevail, he said, regardless of whether operation of the roads was retained by the government or relinquished to the owners.

### DECATUR NEWSPERMAN DIES

Decatur, Ill., June 19.—John P. Drennan, general manager and treasurer of the Review Publishing Co., died yesterday in Nevada, Mo. He had been connected with the Decatur Review, an afternoon paper since 1888. He had been in ill-health for a year.

### LEAGUE DEBATE AGAIN SHIFTS TO POLITICS

#### Flurry of Party Feeling Causes Chair to Call Halt

(By The Associated Press.)  
WASHINGTON, June 19.—Debate on the league of nations shifted to political ground again today in the senate with a resulting flurry of party feeling which ended in an admonition by the chair that senate rules must be observed.

The flare-up started when Senator Williams, of Mississippi a Democratic member of the foreign relations committee, charged that the Republicans "had stacked" the committee against the league. Senator Moses, of New Hampshire, a Republican member made a spirited denial and Senator McCormick, Republican of Illinois, declared the Paris peace mission had been "stacked with Democrats."

Other senators quickly got into the discussion and still others were asking recognition when Vice-President Marshall called a halt, ruling that the discussion which had interrupted a speech by Senator Thomas, Democrat, of Colorado, was out of order. The Colorado senator then resumed his address directed against the Knox resolution—by which the senate would ask an opportunity to accept the peace treaty without the league of nations covenant incorporated.

Senator Williams' charge followed one by Senator Thomas that the Republicans first had put the league into politics by the celebrated round robin of the last session and now were condemning Democratic support of the league as partisan. Mr. Thomas is one of the Democratic senators who have taken no definite stand regarding the league but in his speech today, he read many extracts from historical works to show that in the past, beneficial proposals often had met the same arguments as now confront the league covenant.

The Knox resolution he opposed as improper in that it would question the power of the senate in treaty making and would be interpreted as a presumptive effort to dictate to the peace conference. Answering the plea that the people should have more time to consider the league proposal he asserted there already had been wide discussion of the subject for several years.

"If there is a man between the two oceans who hasn't discussed it and reached some conclusion regarding it," he said the fact argues for his ignorance and for the impossibility of his ever reaching any conclusion."

**To Resume Debate.**  
The debate will be resumed tomorrow when Senator Sheppard, Democrat, of Texas, will speak in support of the league and Senator Sherman, Republican of Illinois a league opponent, will address the senate on the influence of the Vatican in the league.

There was no effort during the day to bring the Knox resolution up for a vote and there were predictions in some quarters tonight that it would be permitted to die on the calendar. Its supporters apparently have lost hope of forcing a roll call before Monday when the German delegates must submit their decision on the peace terms.

To pass the measure after the treaty has been signed would be given, senators say because the request it contains could not then be granted.

Various proposals for co-ordinating the speaking tours of senators who are to reply to President Wilson were much discussed during the day.

There is considerable sentiment favoring a special call to follow the president on his speaking trip, but several leaders are opposed to it and the general prediction tonight was that the senators would go out separately.

### CHICAGO FIRM GETS CONTRACT

Springfield, Ill., June 19.—The contract for the construction of eighteen miles of concrete roadway between Joliet and Summit in Cook and Will counties has been awarded to a Chicago firm according to an announcement made today by the division of highways of the department of public works and buildings. The contract price was \$364,000.

### Lodge Points To Lessons In Hun Aggression

(By The Associated Press.)  
CAMBRIDGE, Mass., June 19.—Lessons for America in Germany's military aggression following years of effort toward world peace and in Russia's Bolshevik rule were emphasized in an address here today by U. S. Senator Lodge of Massachusetts, chairman of the senate foreign relations committee at the commencement exercises of Harvard university.

**Reform Must Come Slowly.**  
Destruction of Germany's war power, Senator Lodge declared now is the best guarantee of world peace. Misery wrought by Bolshevism in Russia, he asserted, proves that reform must come slowly, by evolution and that present conditions may be endangered "by vainly striving for a glittering impossibility."

No direct reference was made by Mr. Lodge to the peace treaty or the league of nations, but in discussing peace efforts and Germany's course, he said: "At the close of the last century there was a quite general belief that serious wars would not come again. Some doubted and for their skepticism were called 'jingoists,' 'war lovers,' and 'peacemongers.'"

"But almost every one felt sure that if war should again break upon us its horrors would be reduced to a lower point, and that by the conventions of Geneva and The Hague, the sufferings and cruelties of past wars would be largely eliminated."

"Suddenly the great war came, Germany, esteemed by all a highly civilized nation, entered deliberately upon a course of savage cruelty worse than any ever imagined because it was carefully organized. The world had known barbarism before but never had anything fallen upon men comparable to the scientific, wholesale atrocities carried on by Germany by which not merely individual but entire communities were subjected to the most hideous sufferings and the most utter ruin which highly trained minds entirely destitute of humanity could devise."

**Treaties Went In First Flame.**  
As for treaties and laws they went in the fierce flame of war as quickly as the dry leaves of autumn when a spark falls among them. The beautiful scheme of making mankind suddenly virtuous by a statute or a written convention was once more exhibited in all its weakness."

"It is a melancholy reflection that the best assurance of the future peace of the world lies in the destruction of the German war power which is worth all its costs."

"Once again comes the harsh lesson that all the advances of men in morals and in altruism in charity and gentler manners, purer laws, all that really remain with us, come slowly, never in a moment."

Experience of the past, Senator Lodge declared, must be a guide to the future action.

Russian Bolshevism, Mr. Lodge said in conclusion presents a warning to America in its "awful results of a scheme which its authors pretended would make all men happy in a moment."

"In letters of fire," said Mr. Lodge, "this Russian scene says to us 'This way lies ruin.'"

"Does the United States tell us trumpet-tongued that the country for which this younger generation has died is still the best hope for mankind and that it must be preserved as their fathers preserved and saved it in the days that are gone? Be Americans first, Americans last, and Americans alidways. From that firm foundation you can march on. Abandon it and chaos will come as when the civilization of Rome crashed down in ruin."

### GRANT RATE RAISE.

Springfield, Ill., June 19.—Ja an order issued late today the Quincy Railway Company is given the right to increase its street car rates from five to seven cents. Four tickets will be sold for twenty five cents. The commission took under advisement the application for the Quincy Electric Company for an error granting increased rates for power purposes.

### HUN ASSEMBLY MAY ORDER A PLEBISCITE

#### Final Decision Will be Reached Saturday

(By The Associated Press.)  
BERLIN, June 19.—via Copenhagen.—The German national assembly will make its final decision on the peace treaty Saturday according to private advices received here from Weimar. In all probability, it is said, the assembly will decide to order a plebiscite.

If the German national assembly orders a plebiscite on the peace treaty Saturday the voting will have to be done so that the German answer can reach the allies in Paris by 6:45 p. m. Monday, Paris time, unless the Germans should request, and the allies grant, a further extension of time in which to answer.

Late in April it was reported from Berlin that the German government had all the appurtenances for an election in readiness for a plebiscite on the peace terms. At that time sources close to the German government claimed that such an election could be completed through Germany in forty eight hours. The question of a plebiscite in Germany, however, has not been raised since.

Since the revolution in November all important elections in Germany have been held on Sunday.

**May Be Change in Delegation.**  
Paris, June 19.—(By The Associated Press.)—Advices received in American peace conference circles from Weimar indicate that there may be a change in the personnel of the German peace delegation and that a short extension of the time limit for signing the peace treaty may be requested by the Germans, but that the Germans will sign the treaty.

**Full Demands Must Be Met.**  
While members of the German peace delegation are reported unofficially as violently opposed to signing the treaty and the greater part of the German cabinet to be of similar mind, last indications are that the general feeling in Germany is tending toward recognition of the fact that the allied demands must be met.

American peace conference circles in Paris have received indications that to meet the requirements of the allies there must come a change in the personnel of the recalcitrant German leaders and that a request for a short extension of time from Monday when the time limit for Germany to answer expires may be asked in order that a plebiscite in Germany can be held to determine the consensus of opinion of the masses. These indications, however, seemingly point toward the belief that the Germans in any eventuality will sign.

Meanwhile, Marshal Foch continues his preparations to meet any contingency which may arise. The concentration of allied troops along the Rhine will be completed Saturday in readiness to invade Germany further in case the Germans remain obdurate up to the time of the expiration of the time limit. Foch is reported also to have extended his line to the Danube so as to be able to operate from that region against Germany should necessity require it.

### RATIFY SUFFRAGE.

Harrisburg, Pa., June 19.—The Pennsylvania senate today passed finally, 31 to 6, the joint resolution ratifying the woman suffrage amendment to the federal constitution. The resolution was sent to the house where it will be acted upon before final adjournment of the legislature next Thursday.

### NINE DREADNAUGHTS REACH NEW YORK

NEW YORK, June 19.—Nine dreadnaughts of the Atlantic fleet with accompanying destroyers and supply ships arrived in New York waters today and will anchor in the North River until after July 4. The big fighters are the Pennsylvania, Arkansas, Wyoming, Texas, New York, Utah, Florida, Delaware and North Dakota. The air craft supply ship Shamrock and a dozen destroyers accompanied the fleet. More than 12,000 sailors will be given shore leave.

### TRACE CLOTHES TO BLOOMINGTON

BLOOMINGTON, Ill., June 19.—United States secret service men are believed to have established the fact that the suit worn by the man who tried to blow up the home of Attorney General Palmer in Washington, D. C., and who lost his life were made in Bloomington. The cloth was traced thru the textile makers, jobbers and dealers and a local tailor identified the cloth as being from a suit he made for a traveling man. The latter undoubtedly did not have anything to do with the plot but he is now being sought in an effort to further trace the suit of clothes worn by the dead man.

### ACCEPT RESIGNATIONS

Paris, Wednesday June 18.—By The Associated Press.—The American peace delegation has accepted the resignation of Dr. S. E. Morrison, member of the section of Russian experts who represented the United States on the Baltic commission.

### RED CROSS POSSIBILITIES.

Recently Willoughby G. Walling, vice chairman of the Central Committee, preceded Dr. Farrand, by briefly touching on the possibilities of the Red Cross, and the work it must continue.

"The work of the Red Cross will be far more concerned with the type of individual than ever before. We are seeing daily that the work within the chapter, and with the people in the chapter is becoming more important. We are concerned with meeting the questions dealing with individual communities. We are concerned with the education, and with studying the problems, at headquarters, for the encouragement of our chapters. Those problems which relate to the great needs caused by the war, the care of our men and their families, and now the greater problem of caring for other than families of soldiers will absorb the attention of the American Red Cross.

Our workers returning from headquarters, and from abroad, write that they are not satisfied with the work in their home communities. Each is ruined in some degree, weakened by the responsi-

bilities which were put upon them. So, we can not go back to where we were before the war. We must take inventory of our activities today and of our activities before the war and these must be adapted to each other and remodeled.

That, in a general way, is the problem of the Red Cross at this time of transition.

### THE IMPROVED STATUS OF COOLED WORKERS.

That the status of the negro will be elevated in the industrial world as the result of admission to all branches of the American Federation of Labor is the opinion of the New York Times. That paper says:

By determining to let into its unions the whole great mass of negro workers the American Federation of Labor has taken action highly important from several points of view. In the first place, this decision marks the breaking down of a barrier the existence of which could be defended only on the ground that it protected the interests of the white race by denying to the black one a right seemingly natural—that of working on terms of equality with the other race if competence to do so should be demonstrated.

This right is now admitted by the strongest and best of American labor organizations, and all over the country the negro worker will have, as he has not had hitherto, a chance to enter all of the skilled and therefore better paid trades, and in them to be judged on his merits—which is all that he can reasonably expect and also all that he has ever demanded.

But the federation's action does more than make its own position logical, and its own claims in a new way and degree valid. The abolition of an inadequate discrimination will open to the ambitious and industrious negro paths long closed to him, and the effect of this cannot fail appreciably to elevate his status in the industrial world. He will no longer in effect be excluded as a work-

er from any except the tasks called menial and held in little respect. How the new plan will work in practice is for time and experience to show. There will be troubles and difficulties in its operation, no doubt, for racial differences are real. There is promise, however, in the fact that the change is to be thorough—that there are not to be white and black unions in inevitable rivalry and probably hostility, but that a union man is to be a union man, regardless of his color.

### ANOTHER PROBLEM RELATING TO ALIENS.

After a great deal of time had been spent in worrying about the problems of immigration and advocating restrictions in order to prevent this country being "taken" by aliens, now comes the story of a great loss of foreign-born citizens. Records have been compiled to show that 1,300,000 are preparing to return to the homes of their birth and further that they will take \$4,000,000,000 with them. The return of such vast numbers to the homeland will create a shortage of certain kinds of labor, a shortage which will likely be felt especially a few months hence, since so large a number of foreigners are engaged in mining and kindred occupations.

### THE TEACHERS SALARY BILL.

The teachers in attendance at the institute have been greatly interested in the program of each day for the instructors have had something worth while to present. But it is no doubt true that notwithstanding the enthusiasm the teachers have been more interested in watching events in Springfield, where the legislature has been considering the bill providing higher salaries for teachers. The measure as finally passed by both house and senate makes the minimum salary for teachers \$75 per month. This law has come about thru the campaign of the teachers association and because of general recognition of the fact that in the past teachers have not been paid salaries commensurate with the importance of their work or the costs of preparing for it.

### WILL DUPLICATE KEWANE'S RECORD.

A home-coming celebration for soldiers was held at Kewanee Wednesday honoring the 964 soldiers of the county, those who have come home and those who are still overseas. The dispatches state that all records for attendance were broken and that the celebration was in every way a success. The committee had \$5,000 at its disposal for the arrangements.

When the Morgan county home coming passes into history July 5 the same kind of statement can be made about it, for Morgan county is going to "break all records" and the crowd will be the largest ever assembled in Jacksonville. Aside from the splendid program prepared a "crowd" always means enthusiasm.

### Rippling Rhymes By Walt Mason

**The Square Man.**  
Compliments we have to spare, wreaths for all deserving jays; when we say a man is square, we have sprung our highest praise. We throw laurels left and right, saying Jimson is a peach, John is a brilliant wight, copping all the coin in reach; Smith is surely hard to beat when he aims to sing a song; Jackson lands upon his feet when the luck is breaking wrong. Every fellow has his gift, has some qualities we prize, and you'll always find us swift, handling praise to worthy guys. But the highest praise we know is that tribute rich and rare, which we charily bestow: "He is absolutely square." And that praise you'll never earn if you do not pay your debts; if your coin you blithely burn while the other fellow sweats. If you retail with your pen or your larynx, gossip vain; if you make the sledding hard for your neighbor, as he wends; if you have but small regard for the feelings of your friends; if the god to whom you pray is your Self, I here declare that the boys will never say, "He is absolutely square."

### CENTRAL PARK AND THE FOURTH

The Manner in Which That Place is to be Treated and Cared for on the Nation's Birthday.

Attention is called to the account of the park board meeting held last evening, to settle the manner in which Central park would be cared for during the coming celebration of the Fourth of July and the manner in which the flowers and shrubbery are to be cared for and protected. The park board desires to co-operate in all patriotic movements and at the same time it is proper as custodians of the people's property and users of a great deal of the people's money to see that the results of the use of that money are not injured.

A great deal has been expended in beautifying and adorning Central park and the desire is to retain that beauty and protect the growing shrubbery and grass. If we have a pleasant day the Fourth an immense crowd will be here and will want all the space they can find. The park will be available and all are urged to use it carefully and to regard the barricades which will not lessen the space to be used by the people.

### LEFT FOR VISIT IN WESTERN CITIES

Mr. and Mrs. Thomas Heaton left Thursday afternoon for a visit of several weeks in the west. They will go direct to Seattle, Wash., where they will visit Mrs. Heaton's sisters, Mrs. Libbie Martin and Mrs. Emma Panhorst, and other relatives. Later they will go to Spokane for a visit with Mr. Heaton's three brothers. Mr. and Mrs. Heaton will doubtless return to the city much refreshed after their vacation.

### FOURTH OF JULY PLANS AT STATE HOSPITAL

Special Parade With Elaborate Floats to be Feature—Will Join Morgan County Pageant.

While you are talking about hot-coming and Fourth of July celebrations, just bear in mind that a celebration is planned at Jacksonville State Hospital which will be worthy of a city. Thru the activity of Dr. and Mrs. E. L. Hill, a considerable sum was raised and an extensive program has been arranged. Aside from the question of funds, there has been plenty of enthusiasm and labor available at the hospital with the result that the state hospital parade will show a large number of floats, some of them executed by employees and others by patients.

While this pageant will be especially for the state hospital people, the generous plan has been outlined of having it combined with the Morgan county parade and it will therefore form an important part of it. The White Huzzars band of Alton has been secured for the hospital event and will take part in this parade. The pageant will move from the state hospital grounds to the corner of West State and Church streets and there become a part of the home coming parade. After the return to the hospital grounds entrance will be made at the north gate on Church street, and the movement will be around the loop to the South Main street gate.

So much for the joint parade plans. The fact is that at the state hospital the celebration will begin July 3, when there will be an employees' dance from 8 to 12 o'clock p. m. with the J. Bart Johnson orchestra furnishing the music. At 9:30 there will be an open air concert by the White Huzzars. The pageant is just a part of the general Fourth of July program and will be preceded by a band concert and followed by a whole day's amusement program, concluding with a band concert and fireworks in the evening.

There will be all sorts of races, a baseball game and a ball game. The official program shows on the final page the phrase "The end of a perfect day" and certainly that fits in well with the program as outlined. In preparing for the dinner and supper of the day requisitions have been made for 25 bunches of bananas, 500 pounds of peanuts, 3 cases of lemons, 15 boxes of oranges and 150 gallons of ice cream.

### BIG CROWD AT TENT MEETING

Evangelist Mitchell Preached Strong Sermon—Weighed and Wanting His Theme.

By far the largest and most enthusiastic audience that has assembled on a week night greeted Evangelist Mitchell at big Community revival tent Thursday night. Folks evidently came expecting a good meeting, and they were not disappointed, for, besides listening to one of the plainest and most forceful Gospel sermons ever preached in Jacksonville, they saw twenty or more persons raise their hands in token of their desire to lead a better life, while several others came forward for prayer.

The evangelist's theme was "Weighed and Wanting." His discourse was based upon the story of Belshazzar's feast, with its debauchery and sacrilege, and the handwriting on the wall. The central thought which the speaker emphasized again and again was "You can't trifle with God and not suffer for it." Belshazzar was weighed, not in some man's scales, but in God's scales. He was found wanting, but how about us?

Suppose God should let down a chain from heaven, with scale and pans and should command each of us to step on the scales and be weighed. Here are the weights—ten of them.

First, "Thou shalt have no other gods before me." Whatever you care more for than you care for God—that's what that first command means.

The second command I'm not going to dwell on, but how about the third—"Thou shalt not take the name of thy Lord thy God in vain." How profane are Americans are! And Jacksonville has its share of swearers, both men and women.

Fourth, "Remember the Sabbath day to keep it holy." I congratulate Jacksonville on not having the Sunday picture show, but Sunday base ball, Sunday joy riding, and other forms of Sabbath desecration are prevalent. Let's fight against them.

Fifth, "Honor thy father and thy mother."

Sixth, "Thou shalt not kill." You can kill by unkind words and acts as truly, if more slowly, than by violence.

Seventh, "Thou shalt not commit adultery." Oh, the world of uncleanness all over our land—and Jacksonville has its full share. Whether in the slums or on "Quality Row," adultery is adultery, and those guilty of it are under the curse of a righteous and holy God.

The other commandments—against lying and covetousness—how universally these are broken in every community.

How can you be weighed and not "found wanting?" Only in one way—take Christ on the scales with you. The most important and vital question in the world is, "Are you right with God?" If you are not, don't leave this tent without getting right. Don't turn your back on God. Better trifle with the lightning than with God and His immutable moral laws.

The opening song service was very spirited, and Mr. Shimer's solo, "What Will It Profit Thee Then?" was most impressive.

The prayer meetings this morning, from 9:30 to 10:00 o'clock will be at the homes of C. A. Boruff, 808 South West street, W. E. Brewer, 1203 South East street, and John Godfrey on Jones avenue.

Tonight Mr. Mitchell will preach on "Cards and Dancing," Saturday night on "If Jesus should come to Jacksonville," Sunday night, "What and Where is Hell?" Tuesday night will be "Family Night," when a family Bible will be given to the largest family present and sitting together. Wednesday night is "Young People's Night," with a College Field Meet following; and Thursday night is "Soap Night."

**NO BIDDERS ON HAND**  
The project for a state aid concrete road extending 3800 feet north from the piece of concrete just this side of the bridge on North Main street is at a standstill for the present. The estimate was \$12,000 and the bids were to be opened at Springfield Wednesday but no one put in an offer, presumably because the estimate was too low.

## APPEALS GRANTED IN SEVERAL CASES

Hearings Will Be Had in Appellate Court—Judge Jones Enters Orders.

In the circuit court yesterday Judge Jones granted an appeal to the defendant in the suit of T. B. Orear vs. the Jacksonville Railway & Light Co. In the trial of this case judgment of \$1,250 was secured by the complainant. Motion for new trial was overruled.

An appeal to the appellate court was also granted to Fletcher Hopper and Harry Hofmann in the action for debt brought by John Anderson. The jury brought in a verdict in favor of the complainant and the appeal was granted after a motion for a new trial had been overruled.

In the case of the people of the state of Illinois ex rel. vs. John A. Moss et al., commissioners, returned from the supreme court, the cause was continued by agreement.

An appeal was also granted in the case of Bernard Gause vs. Cassandra Robertson, in which the complainant had been awarded damages of \$585. This case is to go to the appellate court. In the partition proceedings of Albert Dean vs. Charles Dean, objections to the master's report were overruled.

In the suit brought by John R. Keltner et al. vs. Samuel Adams et al., to quiet title, master's report was approved and the cloud in the title removed.

In the partition proceedings of David Owings vs. Phoebe E. Middleton et al., master's report was approved and decree entered.

Secretary of Interior Lane recently estimated that 35,000,000 horse-power may be obtained from the nation's wasted water power, which means that a total of 139,000,000 tons of fuel would be saved annually if the country's hydraulic resources were developed. He said that in addition to this saving 380,000 men now required for mining, transportation and firing this coal would be released for other work and nearly 200,000 railroad cars and 5,000 locomotives would be set free.

## THIEVES RETURN AUTOMOBILE TIRES

About a month ago thieves broke into the garage of Grant Graff and stole four automobile tires. Mr. Graff advertised for the return of the tires but received no response.

Yesterday morning, much to his surprise he found the tires returned. The only thing missing was the paper wrapping. Mr. Graff wishes to say to the ones who took them that if they will advise him in the future when they want to borrow any tires he will leave the garage open so that they can get what they want without breaking the lock.

## BELIEVE COX WILL NOT INTERFERE

COLUMBUS, O., June 19.—With Governor Cox confined to his bed at his home near Dayton by illness, no official at the state capitol would express himself authoritatively as to the governor's probable action in response to the resolution adopted today by the lower house of the general assembly requesting the chief executive to take steps to prevent the Willard-Dempsey prize fight in Toledo, July 4th. The general impression, however, is that Governor Cox will not interfere.

The resolution declares that the fight promoters have failed to obtain permission for the exhibition "all of North America, except Ohio and Old Mexico," and asks the governor to follow precedents of former governors in upholding the fair name of the state of Ohio and to take proper steps to prevent the taking place of the proposed prize fight within the confines of the state of Ohio. The resolution also declares such exhibitions as the proposed Toledo bout are "brutal in their nature and not conducive to good morals."

## ACCEPT RESIGNATION OF CHINESE PREMIER

PEKING, Sunday, June 15.—By the A. P.—A mandate has been issued accepting the premier's resignation and appointing Kung H. Ssin-Chun, minister of finance as acting premier. Kung Hsin-Chung has agreed to act for 10 days only. Chow Shu-Mu has been asked to form a cabinet. He is an official of the old class and a personal friend of the president. He is not particularly progressive, but it is considered that he may blend the conflicting interests and contribute to a peaceful settlement of the situation, for which all classes are yearning.

## TORNADO SWEEPS PIKE COUNTY

QUINCY, Ill., June 19.—A tornado swept Pike county Wednesday afternoon between 4 and 5 o'clock. D. L. Harlin, aged 50, with his team was killed while at work in a field near El Daro, Ill., with grain belonging to Andy Brown, near Barry, Ill., was struck by lightning, the horses being killed and the contents destroyed. All grains in the path of the storm, which began at New Canton, Ill., and swept eastward was levelled.

## TENTATIVELY AGREE ON ARMY OF 400,000

WASHINGTON, June 19.—Provision in the army appropriation bill for maintenance of an army of 400,000 officers and men during the next fiscal year was tentatively agreed on today by the senate military sub-committee. The house bill which was before the committee reduced the size of the temporary army of 509,000 officers and men requested by the war department to 300,000.

Consideration of the bill was virtually completed tonight. Chairman Wadsworth said he planned to report it tomorrow to the full committee which is expected to consider it at once so that the measure can be sent to the senate and an effort made to expedite its passage before July 1.

Chairman Wadsworth said tonight that numerous changes were made in the house bill owing to the fact that the appropriations carried in that measure had been worked out on a basis of an average army of 300,000 for the coming fiscal year, while the senate committee increased this to 400,000.

## WITNESS TERMS FORD A "ROTTEN AMERICAN"

MOUNT CLEMENS, Mich., June 19.—Henry Ford who is suing the Chicago Daily Tribune for \$1,000,000 libel damages was in court today for the first time in six weeks and with his cheek resting on his hand seemed almost oblivious to the witness who was placing him in the category of "rotten Americans."

The accusing witness was Henry A. Wise Wood of New York, manufacturer, engineer, and early associated with Colonel Roosevelt and others in arousing the country to the need for military preparedness. Attorney Alfred Lucking, representing Mr. Ford, quizzed the witness regarding an interview which the latter had with Mr. Ford in 1916.

Mr. Lucking asked what the dominant note of Mr. Ford's remarks were and suggested that it was horror at all war.

## CORRESPONDENT DROPS DEAD.

Springfield, Ill., June 19.—Frank E. Armstrong correspondent of the Chicago Daily News, dropped dead on the street here late today. Armstrong was standing in the St. Nicholas Hotel when suddenly he fell to the floor. Several men who were standing nearby rushed to his side but he was dead. Death it was said was due to heart trouble.

## CASS COUNTY MAN DIES BY LIGHTNING

William Gibson of Virginia Struck as He Went Out Into Storm to Close a Gate.

Virginia, Ill., June 19.—William Gibson, well known traveling salesman and long resident of this city, was instantly killed this afternoon by being struck by lightning during a severe storm. The deceased had gone out into the yard to close a gate when the lightning struck a tree, followed a clothes wire which ran close to where the deceased was standing, crossing to his body.

Mrs. Gibson was standing in a window watching and saw her husband struck and fall to the ground. Her screams were heard by neighbors who rushed to her assistance. Doctors Blackburn and McGhee were summoned but could do nothing, stating that death was instantaneous.

The deceased was a traveling salesman for an eastern shoe house and had just returned from a three months' trip through the south. He was 52 years of age and had lived in this city for many years. Surviving are the widow, Mrs. Dorothy Gibson, nee Clark, and little daughter Dorothy Nelle.

No arrangements have as yet been made regarding funeral.

## HUN DYE INTERESTS LOOK TO AMERICA

WASHINGTON, June 19.—German dye interests barred from France and England look to America and China for disposal of their large surplus output manufactured during the war. Joseph H. Choate, Jr., counsel for the chemical foundation incorporated, told the house ways and means committee today in urging a licensing system for the protection of the American dye industry.

"Something has to be done to save the dye industry and tariff alone won't do it," he declared.

Mr. Choate said that anti-dumping laws would not suffice because it was so easy for the Germans to conceal their shipments so that it would be practically impossible to detect all of them. Mr. Choate read to the committee a report on the outlook for the German dye interests in America written six weeks before the United States declared war on Germany by Dr. Hugo Schweitzer, active head of the American branch of a great German house.

"He was a direct secret service employee bearing the number 963, 192,637 given him by the imperial war minister," said Mr. Choate. "He came here, because a citizen under orders from his government and led the espionage and propagandist movements till his death in November 1917."

## PERSHING'S GUARD REACHES PARIS

PARIS, Wednesday, June 18.—The regiment of picked men from the American Third army which was organized to act as General Pershing's body guard on his projected visits to London and Brussels has arrived here from Coblenz and will vie with picked French units at the opening of the Pershing stadium on Sunday. The regiment is composed of 3,000 men chosen from all the divisions of the third army.

The full list of the French entries for the inter-allied games was issued today and is headed by Georges Carpentier of the French aviation corps heavy-weight champion boxer of Europe. Carpentier, who has been in active training since the armistice, will have at the stadium his first battle since before the war when he knocked out Bombarier Wells of England in the fifth round of their bout.

## DRUGGISTS SUPPORT EDMUNDS MEASURE

PEORIA, June 19.—Members of the Illinois Pharmaceutical association at the closing session of their convention here today passed resolutions in support of the Edmunds bill in congress which proposes the establishment of a pharmaceutical division of the army and navy, endorses the Steffens "honest advertising" bill now pending and agreed to protect the definition of intoxicating liquor as embodied in the two prohibition measures about to come in force.

Officers elected for the coming year are: President—J. C. Wheatcroft, Grayville. First vice president—William J. Clancy, LaSalle. Second vice president—A. Umhennoffner, Chicago. Third vice president—F. W. Rauth, Springfield. Secretary—W. B. Day, Chicago. Treasurer—G. M. Bennett, Urbana.

## ARREST ALLEGED ARSON BAND HEAD

CHICAGO, June 19.—Anthony Knucksti, said by the police to be the brains of an arson band, was arrested early today. Four persons alleged to be members of the band of which Knucksti is the reputed head, were arrested yesterday. Operations of these persons are said to have netted them \$500,000 in Chicago alone, while their work in twenty six Illinois cities and in Indiana, Iowa, Michigan and Wisconsin is declared to have been even more expensive to insurance companies.

## Let's Make the Kitchen a Comfortable Place for the Wife to Prepare the Meals

Why heat up the room three times a day with a hot coal range when the same work can be done—and better done—on an Oil Stove? People must eat and meals must be cooked, no matter what the weather. So make the kitchen a pleasant work shop for the wife. A GOOD OIL STOVE and a GOOD REFRIGERATOR will add to her comfort and convenience.

## WEDDED IN IMPRESSIVE HOME CEREMONIAL

Miss Claribelle Hopper Becomes Bride of Mr. Hugh P. Green. Service Held at Noon Thursday.

The marriage of Miss Claribelle Hopper and Mr. Hugh P. Green was solemnized at noon Thursday at the home of the bride's father, Mr. Charles Hopper, 301 North Diamond street. The service was said by Dr. F. B. Madden, pastor of Grace M. E. church, as the principals stood before a beautiful embankment of ferns in the living room of the home. The ring service was used. The company of guests included only immediate relatives and the members of the Mardi Club, in which Mrs. Green has for a number of years taken an active part.

The bride's handsome gown was of white georgette crepe, trimmed in white beads, and she wore a corsage bouquet of pink roses and white sweet peas. The very simplicity of the marriage ceremonial added to its impressiveness. The guests were seated at tables on the spacious porch for the serving of an elaborate wedding breakfast. There are many beautiful flowers and shrubs on the lawn of the Hopper home and for this wedding event the floral decorations within the house added in beauty with those on the adjacent lawn. Roses pink and white were used very effectively with ferns.

course at Illinois Woman's College prepared herself for kindergarten work at the National Kindergarten college in Chicago, taking there the degree of B. E. As director of the Jacksonville kindergarten Mrs. Green has shown not only her ability but a thoro interest in the welfare of the children under her care. So the influence of the kindergarten reached out into the homes of the children and the work was made the more worth while. In Grace Sunday school Mrs. Green has also been actively interested and there has been superintendent of the beginners' department, the smaller children in the school thus having the advantage of her training and influence.

Mr. Green after graduating at Illinois College took his law course at Northwestern university graduating with high honors. He was a member of the debating team at that institution and altogether made an exceptional record as a student.

After being admitted to the bar Mr. Green became associated with the law firm of Worthington, Reeve & Green and has in an increasing way shown his grasp of the law and his fitness for legal work. During the war period Mr. Green served as adjutant in the office of the local board, having been assigned to duty here following his induction into the army at Camp Grant. When there was a possibility of Mr. Green's being taken elsewhere in the army service the local board members made vigorous protest as the adjutant had made his services of an invaluable kind. Men and women related to men inducted into the army service had special reason for appreciating Mr. Green's work, for he extended them the most courteous treatment at all times.

It so happens that both Mr. and Mrs. Green have entered into the life of Jacksonville during recent years in a way to give them wide acquaintance and strong friendships, so that congratulations now are especially hearty and sincere. Many handsome gifts attest the interest of friends and relatives.

After a brief wedding journey Mr. and Mrs. Green will be at home to their friends at 711 West North street, the residence being already furnished for their occupancy.

Among those here for the wedding were Mr. and Mrs. Chester Baker of Pawnee.

## Social Events

## Gleaners of Ebenezer.

Held Interesting Meeting. The Gleaners of Ebenezer church met Wednesday with Mrs. W. A. Shumaker where an interesting program was carried out, which consisted of piano solo, Miss Elizabeth Dewese, reading, Paul Hart; piano duet, Mrs. Carl Martin and Mrs. John Martin; music Miss Ruby Dewese. Business was then transacted and refreshments were served during the afternoon. The next meeting will be held July 2 with Mrs. James Middleton as hostess.

## Entertained Past Noble Grand Club.

Mrs. George W. Davis entertained the members of the Past Noble Grand club of Jacksonville Lodge No. 13 Rebekahs at her home 724 South West street Thursday evening. There was a good attendance of members and following the business session a social hour was enjoyed and refreshments were served.

## Centenary Ladies Aid.

Met Yesterday. The Ladies Aid society of Centenary M. E. church held a birthday social and business meeting at the home of Mrs. W. H. Weatherford yesterday afternoon. The ladies whose birthdays occur in the month of June were hostesses for the afternoon, and were Mrs. Charles Glossop, Mrs. G. H. Sargent, Mrs. George Blair, Mrs. Susan Watson and Mrs. Clara Mann. The society is to join in the serving of the dinner to the turned soldiers at Nichols park July 4, and various plans for this event were discussed. During the afternoon delicious refreshments were served by the hostesses.

## East Side Tuesday Club Entertained at Miller Home.

The East Side Tuesday club, following annual custom, held a picnic supper Thursday evening on the lawn of the home of Mrs. J. Marshall Miller on West North street. There were sixty present each member of the club having the privilege of bringing a guest, and the event was in every way successful. Following the serving of the excellent supper a program was given by daughters of the members. It included: Piano solo—Miss Grace Van-Houten. Reading—Miss Mamie Kennedy. Vocal solo—Miss Helen Turner. Violin solo—Miss Anna Frances Bradley. Each number was enthusiastically received. The election of officers was held and resulted in the choice of the following: President—Mrs. J. Marshall Miller. Vice president—Mrs. L. B. Turner. Secretary—Miss Elizabeth Laurie. Treasurer—Mrs. Belle Hocking.

## SHOOTING AFFRAY BUT NO ONE HURT

There were family troubles down on East College avenue Thursday night when Mrs. Jerry Cohagan fired a revolver at her husband. No damage was done as the bullet went wild of its mark. The attempt at shooting allegedly to have followed some general misconduct on the part of Mr. Cohagan. The matter was reported to Sheriff Weatherford, who immediately went to the scene of the trouble and brought Mrs. Cohagan to the county jail. There in the presence of State's Attorney Carl E. Robinson she stated what had happened but as no complaint had been filed against her and no one has been injured, it was determined that the proper course was to release her.

A short time prior to the shooting Mrs. Flag, a daughter of Mr. and Mrs. Cohagan, had gone to police headquarters and reported to Detective Sergeant Tracy that there had been trouble at home and she wanted to swear out a warrant against her father for abusive language. This matter was reported immediately by the desk sergeant to Capt. Sharp.

Several times in past years the Cohagans have had divorce proceedings in the circuit court which have afterward been withdrawn.

HOUSE FURNISHINGS STOLEN Mrs. D. R. Browning recently came from Louisville to spend a time at her home on Mound avenue, and was greatly distressed to find that sneak thieves had been busy during her absence. Several choice rugs are missing and various house furnishings articles to the value of at least \$500. Other articles had been placed in a bundle ready for removal. Entrance had been made thru a window.

BUYS BUILDING LOT A deed was placed on record Thursday showing that Mrs. Ada Barcroft has acquired title to a building lot on North Webster avenue. Late Mrs. Barcroft will erect a home. The sale was made thru the C. O. Bayha agency.

BACK FROM SOUTHERN TRIP Lloyd S. Hamilton, of Mullenix Hamilton, has returned from ten days' trip to New Orleans. Mr. Hamilton says that he enjoyed every moment of his trip and the many places of interest visited in New Orleans, but that he doesn't believe he could become accustomed to the leisurely southern business life.

PRECINCT S. S. CONVENTION. A precinct Sunday school convention is to be held at Lynnville M. E. church next Sunday afternoon, June 22, at 3 o'clock. Among the speakers will be Rev. W. E. Spooner of Jacksonville and Rev. Alex. Cunningham of Murryville, a missionary in China who is spending some time in the U. S. Special music will be a feature.

## CELEBRATION FUND GROWING NICELY

Markham is First Precinct to Send in Quota—Third Ward Leads in Business District.

The campaign for funds for the Morgan county home coming event July 4 is moving steadily along, according to a statement made by Chairman Henry Frisch and Vice Chairman Dr. G. H. Kopperl. Subscriptions of \$1700 have thus far been reported and it is known that other subscriptions made have not been listed. Markham has the honor of being the first precinct to report its quota raised, and similar reports are expected speedily from other precincts. Waverly, as elsewhere announced, has canceled its own home-coming plans so that the people there can take an enthusiastic part in the county celebration.

In the canvass of the business section the honor thus far has been won by J. Herman's team in the third ward. One of the solicitors said, "And remember that we have no bank subscription to rely on in our territory." The only complaint heard from the management is that some of the individual subscriptions have been too small, not as large as the committee expected.

All persons who have made subscriptions and not paid them are requested to attend to this matter at once and to leave the subscription money at the office of Dr. G. H. Kopperl on the east side of the square. Promptness in this matter will greatly aid the committee.

## Matrimonial

## Haynes-Taylor.

Irvin G. Haynes, Murrayville and Miss Laura H. Taylor, Waverly, were united in marriage Thursday evening at 8:30 by the Rev. A. A. Todd, the ceremony taking place at the home of Mr. and Mrs. Homer Ransom, 130 Pine street.

The groom is a member of Co. B., and expects to be in the service for several months. After Mr. Haynes release from service the young couple expect to make their home in Waverly.

## Colvin-Ruckel.

The marriage of Raymond A. Colvin of New Berlin and Miss Bertha Irene Ruckel of Auburn was solemnized at the Centenary parsonage in this city Thursday afternoon, Rev. W. R. Leslie officiating. The young people were attended by the groom's mother and Mr. and Mrs. Grover Williams, the latter a sister of the groom.

Immediately following the ceremony Mr. and Mrs. Colvin drove to New Berlin, where they will make their future home and where Mr. Colvin is employed as a mechanic in a garage. Both of the young people are well known in their home communities and have hosts of friends to wish them a long and happy wedded life.

## WAVERLY BAND TO COME FOR JULY 4TH

Well Known Musical Organization Secured by Home Coming Committee.

The Waverly band is to be added to the musical attractions of the Morgan county home-coming celebration July 4. It has been the intention of Waverly people to have a celebration of their own but when the county plan was made known the Waverly celebration was called off. It was in this way that the services of the band became available for the executive committee of the Morgan county celebration and the committee felt fortunate in securing the organization. The Waverly band includes thirty or more trained musicians and the band appears frequently in public celebrations throughout a wide area surrounding Waverly. In addition to giving the regular concert programs in the home city.

We Sell Implements Twice Guaranteed

Buying Implements from Us is Like Taking a Two-Name Note —Its Safer

No matter how well you may know a man, nor how much confidence you might have in him, if he wanted to give you his note guaranteeing future payment of a loan, you'd just a little rather have some other reliable party share the responsibility with him.

When we sell an implement, we guarantee it to be all we claim it to be.

But behind us stands the manufacturer of that implement — he shares the responsibility with us. This two-name guaranty applies to every implement we sell—no matter whether it be

an engine plow or spike-tooth harrow. Big and small purchasers are protected equally.

We wouldn't handle goods of the manufacturer who wouldn't stand back of everything he claimed for them.

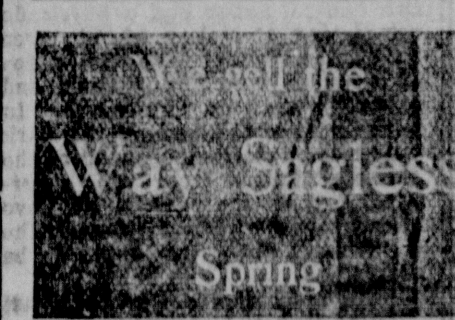

And so you have real assurance that you are getting just what we say you are getting when you buy from us. Both our reputation and the manufacturer's reputation are at stake.

### PROF. SCOTT AND FAMILY ARE IN CITY

Prof. G. H. Scott and family have arrived in the city from Crete, Neb., and are now moving into the property they recently purchased from the Misses Hayden at 330 Grove street. Prof. Scott, who has been connected with Doane college at Crete, will leave in the near future for the University of Illinois, where he will spend a number of weeks in study. Prof. Scott is to have the chair of mathematics and physics at Illinois college. A son of Prof. and Mrs. Scott, who has but recently returned from army service overseas, will be a student at the college the coming year.

### MISS RACHEL HALL RETURNS FROM EAST

Miss Rachel Hall, who has been a student at Wellesley college for the past year, is now in Quincy for a visit at the home of her uncle and aunt, Mr. and Mrs. George H. Wilson. Dr. and Mrs. H. L. Griswold were in Quincy Sunday to attend the twenty-fifth wedding anniversary celebration of Mr. and Mrs. Wilson, and W. E. Hall of this city has also been a recent guest at the Wilson home.

### STATE STREET CHURCH PICNIC THURSDAY

Members and Friends of the Church and Sunday School Enjoyed Annual Event at Nichols Park—Various Contests Afforded Amusement for Children and Grownups.

The annual picnic of State Street church and Sunday school was held Thursday afternoon at Nichols park and was a most enjoyable event. Despite the rather threatening weather conditions in the early afternoon a company of about seventy-five went to the park, being conveyed from the church in automobiles. A program of games and contests of various kinds had been arranged for both the children and grownups, the committee in charge of this program including Rev. and Mrs. W. H. Marbach, Miss Mamie Cunningham and J. S. Findley. F. E. Farrell served as announcer in the various contests.

Refreshments of ice cream and lemonade were dispensed to the company. Mrs. William Floeth being the chairman of the refreshment committee. At 7 o'clock all sat down to enjoy the picnic supper which included a great abundance of all sorts of good things to eat. The picnicers returned to the city at about 8:30 o'clock, all of the opinion that this year's picnic was one of the best in the history of the church.

Among the contests possibly the most exciting was the fat ladies' race. There were a number of narrow escapes but fortunately no one was injured. Then there was an old maid's race and a married men's race. Rev. W. H. Marbach winning the prize in the latter event. It was stated on good authority that Mr. Marbach had been practicing at the park for this race and that fact accounted for the easy manner in which he won. The cracker-whistle contest afforded much amusement, and was won by a team consisting of Mr. and Mrs. E. M. Dunlap and Mrs. D. Wiley. There were two teams of three each and the contest was won by the team the members of which first succeeded in eating a cracker and then whistling. This proved to be a very difficult feat.

Among the other contests, together with the winners, were the following:

Human wheelbarrow race (for boys)—Harry Furry and Clyde Fitch.

Race for children under 5—Martha Pocock.

Three-legged race—Harry Furry and Clyde Fitch.

Girls' potato race—Helen Wiley.

Ball throwing contest for ladies—Miss Margaret Tomlinson.

Girls' race—Rhoda B. Olds.

THE PARK BOARD.

The Park Board Had a Called Meeting Yesterday Evening With All Members Present Except Member Gomez.

The chair stated the object of the meeting was to take definite action regarding the treatment of central park during the Fourth of July celebration and decided as to the best means for protecting the shrubbery and flower bed. Mr. Metcalf of the citizens' committee was also present and the question was fully discussed and it was finally decided to place around each clump of shrubs and the central flower bed a barricade consisting of stakes about three feet high with two three strands of wire about them and bunting hung on the wires. In this manner the use of the park will not be really decreased as the grass will all be free. The superintendent of the park will have charge of the work of placing the barricades about the spots to be protected.

A new pump for the southeast corner well was ordered. Adjourned.

### CIVIL SERVICE EXAMINATION

An examination for post office clerks and carriers will be held at the post office in this city on July 12, 1919.

Age limit, 18 to 45 years on the date of examination.

Married women will not be admitted to the examination.

Applicants must be physically sound, and male applicants must be not less than 5 feet 4 inches in height in bare feet, and weigh not less than 125 pounds without overcoat or hat.

For application blanks and for full information relative to the examination, qualifications, duties, salaries, vacations, promotions, etc., address immediately John Kearns Jr., Secretary, Board of Civil Service Examiners, Post office, Jacksonville, Ill.

Just unloaded two more cars Buggies. See them before you buy. Jacksonville Farm Supply Co.

MANY STORMS

Storms are unusually local this season from all appearances. A gentleman who motored from 300 miles west to the city arriving yesterday said he passed through fourteen storm areas alternating with dry roads and plenty of mud.

Yesterday afternoon was a heavy rainstorm in South Jacksonville causing the streets to flow liberally with water while hardly a drop fell on the square.

### LUTHERAN SCHOOL ENJOYED PICNIC

The Annual Affair Largely Attended and a Great Success—Held at Maple Grove School.

The annual picnic of the parochial school of the Lutheran church was largely attended at Maple Grove yesterday afternoon and a splendid time enjoyed by everyone. For a time it looked as if the weather would put an end to the good times, but the rain soon subsided and leaving the merry-makers in full possession of the day. There were impromptu games and athletic events in addition to the regular dinner and supper and choice refreshments. Though great and ample preparations for the occasion had been made the good ladies and committee in charge sold out everything and a good sum was realized for the cause.

The general executive committee consisted of the school committee, Pastor Kuppler, Ernest Magdaz, teacher; Wm. Brune, Robert Stice and Philip Schultze, Jr. The Ladies' Aid and the Ladies' Guild had charge of the regular dinner and supper and the Luther Walthers circle had the ice cream and special refreshment stand. The fish pond was in charge of the Sunday school.

There was a note of regret over the fact that the worthy teacher, Ernest Magdaz, who has been in charge of the school for two years will not be here longer. He has made many friends during his stay in the city. He expects to go to Pierce, Nebraska to make his home.

The management wish to tender sincere thanks to the directors of Maple Grove school for the use of the beautiful grove for the day. The following was the formal program:

Song, "America"—School.

Dialogue, Our Father—Richard Ingram and Thomas Schulze.

Dialogue, An Ill Treated Flag—Dorothy Willner and Loretha Buescher.

Song, Medley—School.

Recitation—Eugene Heinz, Frieda Willner.

### BACK FROM SERVICE IN OVERSEAS COUNTRY

Harold McDougall Returns From France Where He Served With Ambulance Section—Will Enter Business With Father.

Harold McDougall is back from the army service following a period of months overseas. This young Morgan county man took a course of training at Lewis Institute in Chicago and was then sent to Camp Crane, at Allentown, Pa., afterward to Camp Merritt, N. J. and Nov. 18 embarked for Liverpool. Ten days after the arrival of these troops in England they went across the channel to LaHavre and then were sent forward to the headquarters of the U. S. A. E. at Ferrieres. There they were with the ambulance section, associated with the French attached to the second division. They relieved the old section No. 512 of the army at Sedan and afterward spent some time at Claremont and Liancourt.

Mr. McDougall was a first class private and wears embroidered on his shirt front the "cock of Verdun," indicating that he was for some months associated with the French army. His particular work during the months overseas was in driving a Ford truck. Young McDougall is in fine health and spirits, altho glad to be back at home again. He is to be associated in business with his father, F. C. McDougall and some enlargements which will include an additional line of work are planned.

### SEVERE STORM NEAR STRAWN'S CROSSING

Jacob Strawn, Jr., who is down from Peoria for a visit, says he was at the home place near Strawn's Crossing Wednesday evening when he experienced the worst thunderstorm of his life. The rain came in torrents till water was inches deep in the road. A big corncrib was taken from its foundation and moved some distance and growing crops were badly damaged. Lightning was terrific and seemed as if the elements had been turned loose. The storm moved at first in a northeasterly direction and later turned eastward. The severe part covered only a small territory.

### ROUND TABLE.

The Domestic Science Round Table picnic, which was to have been held with Mrs. A. A. Curry, Pisgah, has been called off on account of the intensely hot weather. Notice of the business meeting will be given later.

Mrs. J. J. Reeve, Chairman.

### WHAT SCHOOL CHILDREN READ

The Library and the School—Over Six Thousand Books from the Public Library Circulated Thru Grade Schools During the Year.

J. B. Kerfoot, literary critic of "Life," tells a dinner table story of learning to read. When the question of primary education was under discussion, the host, turning to one of the guests asked, "When did you learn to read?" "At three" was the prompt reply given with a touch of pride.

"And you?" said the host to the next guest.

"Oh, I don't know; about five, I suppose."

So it went halfway around the table.

When the question came to Mr. Kerfoot he replied quietly, "I am still learning."

It is evidently in this larger sense that the children of Jacksonville are learning to read. The mechanics of reading is not enough for the America of today. Reading is a form of living and from the joys of Mother Goose, the student progresses thru various stages until he learns to read philosophy or sociology or modern science.

In this connection it will undoubtedly be of interest to know what the children of Jacksonville are reading now. What reading habits are they forming? A short analysis of the statistics of books circulated thru class room libraries in the grade schools brings out the fact that only one third of the reading is purely fiction. Two thirds of the books are legends or science or useful arts or fine arts or history or travel.

The plan of class room libraries in the grade schools has been carried on in many cities with excellent results. For the past two years it has been tried in Jacksonville. The teacher has great influence on the reading of her pupils. If "teacher" begins to read a book aloud that book increases at once many fold in popularity and there is almost as much demand for it as there is for Mrs. Wiggs of the Cabbage Patch just before that is to be played in moving pictures. Many a boy has learned to know medieval France because "teacher" mentioned Quentin Durward. With a small collection of books suitably graded a teacher's power and influence are greatly extended. The books are right at hand and her recommendation meets with immediate response.

In the librarian's report recently published a circulation of 5515 books was given for the schools. That omits the month of May as the library year closes April 30. A table of circulation by schools for the school year is herewith given:

Folklore—Franklin, 247; Jefferson, 210; Lafayette, 394; Morton, 166; Washington, 373; total, 1392.

### FORMER RESIDENT HERE

Stanley Wright of San Francisco, Cal., is in the city for a visit with his mother, Mrs. William H. Wright, 215 East Morgan street. The young man has been in the west for the past four years and has been very successful in business there. At the time he went west he was an invalid with a weight of but 140 pounds, but now he has excellent health and weighs 240 pounds. He is being warmly greeted by his many local friends, all of whom are glad to see him in such robust health. His brother, William Henry Wright, is now in the overseas service but is expected home at no distant date.

# 51-ST ASSEMBLY PASSES FEWER LAWS THAN USUAL

Administration Largely Has Its Own Way with Republicans in Control on Both Sides of the Rotunda.

Springfield, Ill., June 19.—Fewer laws than usual were put on Illinois statute books by the 51st general assembly in its post-war "reconstruction" session just ended. With Republicans in control on both sides of the rotunda the administration had its own way largely.

**Provide for Waterway.** Accomplishments include provision for construction of a waterway connecting the Desplaines river at Lockport and the Illinois river at Utica and throwing open a lakes to the gulf river route; abolition of the state board of

equalization and substitution of a "blue sky" law as a substitute for the existing statute intended to drive out speculative stocks and bonds by pitiless publicity. Provision for a constitutional convention to meet at Springfield, January 6, 1920; legislation fixing franchise taxes on corporations and foreign insurance companies which, it is estimated, will bring approximately \$5,000,000 into the state treasury annually; enactment of a "search and seizure" law to enforce prohibition; extension of the good roads program; revamping of revenue laws to give schools cities and pension funds more taxes to meet the expenses of war conditions; legislation affecting the welfare of soldiers and sailors.

Legislation which failed to repeal or amend the state public utilities act to give cities "home rule" over utilities, attempted to create a state constabulary or police force, to repeal the state civil service law and also to substitute a director of civil service in place of the present commission; to provide for state workmen's compensation insurance, to revise the laws with reference to court practice and procedure; to change the existing systems of primaries and elections; to authorize the managerial form of government for cities; to provide old age pensions, and to make county highway superintendents subservient to the state departments of public works and buildings.

**Ratify Prohibition.** Almost the first act of the legislature when it came together January 6 was the ratification of the federal amendment, and one of its last acts was ratification of the federal suffrage amendment.

In the first instance there were no complications, but in the latter reaffirmation of the original action was necessary because of an error in the certified copy of the amendment as received from Washington. The words "events and purposes" appeared when the correct version was "intent and purposes."

Illinois was first to ratify the federal amendment in point of time, but Wisconsin was recognized by Acting Secretary of State Polk as having completed all the ceremonies first.

Expenditure authorized by the legislature in the omnibus bill and in other appropriation measures total approximately \$61,000,000 about \$11,000,000 in excess of the total net appropriations by the fifteenth general assembly. The omnibus bill carrying moneys for the state department expenses, and other expenditures, is \$25,000,000 plus, or \$10,000,000 more than two years ago. State employees are given a wage increase amounting to twenty four per cent thruout. Increases are charged to the high cost of living. Finance Director Omar H. Wright has said funds from the franchise taxes and other revenue sources will make it unnecessary to increase the tax rate.

**Make Few Radical Changes.** Few radical changes were made in the state laws to gain conformity with the administrative code. No attempt was made to bring the Farmers' Institute under the state board of agriculture and the only alterations were in minor matters.

Few of the more important bills have been signed by Governor Lowden. His signature has been fixed to the "blue sky" bill and the Hicks bill permitting school districts to levy up to four cents on the \$100, providing not more than three cents is expended for educational purposes, the other one cent being reserved for building purposes.

Aside from legislation authorizing materials and medals, no important soldier bills were passed except those giving military men, honorably discharged, preference on city, county and state civil service lists.

More than 30 fewer bills were introduced in the legislature at the session just ended than in 1917. Two years ago, a total of 1,653 made their appearance, 1,041 in the house and 612 in the senate. In the 1919 sessions, a total of 1,340 bills were thrown into the hopper 746 in the lower branch and 594 in the upper. The disposition not to sponsor measures evidenced in both houses, was accompanied by lethargy of members thruout the session. Party crashes were not frequent, and except in rare instances, bitterness was absent from speeches.

**Organize Without Delay.** Both houses met at noon, January 6, last and organization was affected with out delay. Republicans controlling, Speaker David A. Shanahan of Chicago was elected to preside over the house on the first ballot, and President Pro-tem Adam C. Cliffe of Sycamore won without opposition the right to direct the senate in the absence of Lieutenant Governor Caglesby.

The most serious opposition to any part of the administration program was directed at the bill to abolish the board of equalization. William H. Malone of Park Ridge, a member of the board, when the measure came up for consideration before legislative committees, charged that emissaries of the Pullman Company had warned board members that if the company's tax assessment should be raised, the board would be abolished. By inference it was suggested that Governor Lowden, who urged abolition of the board, was prompted by the Pullman Company because of family connections with the company. A legislative investigation resulted in which the governor was cleared of any suspicion by the investigating committee.

Other than legislation creating a tax commission of three members to give all its time to tax questions, Governor Lowden gave chief support to the Barr Bill providing for the waterway, which corrected objections to the

measure enacted during the administration of Governor Edward F. Dunne. Democratic Federal engineers would not consent to the Dunne plan, and the present act was drawn to conform to the demands of the war department. The waterway will have an average depth of eight feet, a depth over rock surfaces of ten feet, and over miter sills of locks of fourteen feet. Democratic members voted for the waterway.

**Lowden Urged Franchise Tax.** The franchise tax legislation was urged by Governor Lowden in addresses and in his biennial message. In addition to fixing a tax of five cents on each \$100 of capital stock of corporations and two per cent of all gross premiums of foreign insurance companies, the corporations laws of the state codified.

Differences of the two houses over the amount of compensation delegates to the constitutional convention should receive resulted in a compromise on \$2,000. The house favored \$3,500 and the senate \$1,500. One hundred and two delegates will be named on a partisan basis, two from each senatorial district. A primary for the purpose will be held September 10, next and an election November 4. After the convention has drafted a new basic law, it will be referred to the electorate for ratification or rejection.

Good roads legislation came to the fore early in the session. Authority for the expenditure of all or any part of the \$50,000,000 to be realized from bond issues was given and in addition, approximately \$25,000,000 was appropriated to meet like amounts from the federal government. An attempt by Representative Edward Shurtleff, majority leader, to limit the cost of half the roads in the 4,500 project to \$18,000 a mile met with defeat. Mr. Shurtleff fought the department of highways in defense of his plan on the ground that to construct all of the roads of cement or brick at a cost of as high as \$30,000 a mile would mean an expenditure of twice sixty millions of dollars.

**State Would Own Plants.** Companion bills to the road appropriation measures, would authorize the state to own its own cement and road material plants, and fixes rules for management of the highways affecting width of tires, weight of loads, etc.

Cries from almost every administrative body of Illinois resulted in the necessity for increased tax rates, and the general assembly raised rates in a large number of cases. Aside from the increases authorized in the Hicks Bill, an advance for mothers' pensions was made possible from three tenths of a mill to four-tenths in Cook county and to one mill in other counties; and for teachers' pensions an increase from one tenth to one fifth of a mill.

Chicago was given a corporate tax rate of \$1.15 and downstate cities \$2 for a period of three years without a referendum. Chicago's school rate was fixed at

\$1.80 and the cook county rate at fifty five cents.

The state distributive fund for schools was increased from \$1,000,000 to \$6,000,000 for each year of the biennium, and the state university was given \$5,400,000 for the two year period. Request for a college of veterinary surgery at the university was denied, but hope was held out for such school at the next session. An appropriation was made for a biological laboratory to cost \$11,500.

Salaries of judges of the circuit court were increased from \$5,000 to \$6,500 and pensions were made available to them amounting to half of their salary after twenty four years of service on reaching 70 years of age.

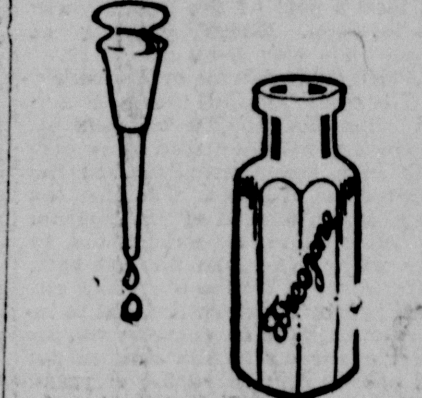

Appropriations of \$165,000 for an armory at Danville and \$150,000 at Peoria, \$33,000 of the latter being in the form of a re-ap-

### Cars From Stock Make Same Record as Specials

It is the day-in and day-out record of stock cars in the hands of owners that has built up the public appreciation of Overland. A recent demonstration of Model 90 power, endurance and dependability was an impromptu round trip between Oakland and Los Angeles.

It was a most severe test, over mountain roads, thru a blinding storm, with mud hub deep in places. The model 90 never faltered, never failed!

The performance of the car and the time made is the more remarkable because it is what more than 150,000 Model 90 owners know their cars are capable of.

Let us show you a duplicate of the cars that made these records.

### WORK ON RESERVOIR MOVING RAPIDLY

Citizens Committee Has Come to Agreement With Most of Property Owners—Complete Report Later—Hope to Offer Plan for Securing Filtration Plant.

These are hot summer days but that fact does not interfere with progress in the construction of the dam and spillway for the city of Jacksonville. Anyone who visits the site of this long desired and greatly needed improvement will be impressed with the progress that Contractor Walbridge has made. In the early days after the beginning of the work it rained almost incessantly. Nevertheless, a lot of work was done and since that time it has been moving forward rapidly. This applies to both the movement of earth and the laying of concrete.

The citizens' water supply committee, which includes Dr. J. R. Harker, H. M. Andre, T. A. Chaplin, M. R. Fitch and John W. Merrigan, is keeping in close touch with the progress of the work. The committee was named for co-operation with the city council and particularly to aid in the securing of title to the necessary land for which the citizens entered into a general subscription fund.

**Acquire Title to Necessary Land**

The committee, acting in behalf of citizens, has acquired title to the necessary Black, Kliner, Rount, Howe, Lewis and Clark lands. The deed is being prepared for land belonging to the estate of Mrs. Mary Wood, and an agreement has practically been reached with R. S. Wood. The only property needed and for which arrangement has not been completed is that of John Hodges and J. C. Rook.

One task the committee has is that of arranging for clearing the land to be overflowed, from trees and brush. A number of bids have been received for this work and at least a part of the contract will be let soon. Some building of fences has also been necessary.

**Acted With Advice of Attorney**

The committee all along has acted with the advice of John A. Bellatti as attorney and every care has been taken to safeguard the interests of citizens. The question as to just the form of organization to recommend to subscribers to the water fund has not yet been determined. There are some advantages in incorporation but to incorporate means a considerable initial expense and the continuance of officers thru a period of years. It has been Mr. Bellatti's thought to recommend possibly some other form of organization but the delay in securing title to all of the necessary land has postponed the final action in this matter. In lieu of bonds the committee has issued to each subscriber who has paid into the fund a certificate signed by all the members of the committee and indicating that the money has been received for the intended purpose and placed in the hands of subscribers becomes negotiable paper.

The total subscription amounted to \$122,900.00. Of this sum about \$60,000.00 has been paid in and \$60,000.00 disbursed in the purchase of property. A majority of the subscribers who have not paid in the sums pledged have indicated their willingness to make payment as soon as there is a further need for money, and that day is not far distant. Those who have made payment have been issued certificates drawing interest from March 15, and later certificates will possibly be some small shrinkage to the original total of subscriptions, the committee now estimates that there will be some surplus to the fund above the purchase price of the land, but not nearly enough for the building of the desired dam and spillway.

**Material and Labor Costs Increase**

It will be remembered that the original intention when the bond issue was authorized was to provide for the construction of the dam, spillway and filtration plant, but increasing costs of material and labor between the time the estimates were made and the contract was let made it impossible to award a contract for the filtration plant.

The committee realizes that the people want the filtration plant so that the ample supply of water which the dam will provide can be of a purity which will make it available for drinking purposes. The committee knows that the cherished dream of Jacksonville has been an ample supply of pure water, and so it is the committee's avowed intention to a little later advocate some plan for financing the filtration plant so that the work may be done this year and the completed enterprise made available for the people of Jacksonville. In fact, it is the committee's purpose to advocate a plan which will make the dream come true.

As indicated above the committee has not been able to make a full report to the subscribers, because of delay in securing title to all of the land. Full publicity is given the doings of the committee so that without formal report the subscribers know what has been accomplished. However a formal and complete report will be given just as soon as possible.

proportion, were authorized in the closing days of the session. Other smaller amounts were allowed for sites and completion of projects already begun.

The legislature took over the title to Old Salem park, former home of Abraham Lincoln, located near Petersburg, and will make of it a state preserve. Appropriations were made for improvements at Starved Rock, Ft. Chartres and Ft. Massac.

Among the bills passed at the end of the session were those making amendment to the workmen's compensation act, agreed to by capital and labor, and a state fish and game code.

The "search and seizure" bill, backed by the Anti-Saloon League, prescribes severe penalties for sale, possession or transportation of intoxicating liquor without a license from the attorney-general. Liquor for scientific, sacramental, chemical, medicinal purposes are excepted. Signatures of two judges are required before a search warrant can be obtained. and safeguards are thrown about private residences. The law is operative only in territory "dry" by virtue of Illinois statutes. The prohibition commissioner bill a companion measure, failed of passage.

**Important Bills Passed.**  
Among the more important bills passed by both houses were the following:

**Rice**—Places a bounty of two cents a head on rats.

**Stubbles**—Makes it a misdemeanor to destroy or waste food to the value of \$25 or more with intent to influence prices.

**Thomason**—Regulates sale and consignment on commission of farm produce by department of agriculture.

**Gregory**—Appropriates \$100,000 to match a similar sum from federal government to eradicate tuberculosis in cattle.

**Roderick**—Requires licensing of optometrists.

**Muelker**—Provides for licensing and inspection by auditor of building and loan and homestead associations.

**Bancroft**—Strikes out of existing law provision that university scholarships shall not be available in professional schools and colleges of university.

**Bancroft**—Requires that petitions nominating candidates for president and members of the school boards shall be filed with secretary of board at least twenty days before election.

**Phillips**—Extends provisions of law for burial of soldiers to include deceased soldiers, sailors and marines of world war.

**H. L. Smith**—Authorizes towns of less than 5,000 to build and maintain community building on vote of the people. Tax of three mills permitted.

**Robbins**—Validates community high school districts where majority of inhabitants of any compact and contiguous territory have voted favorably on the proposition and have elected boards of education.

**Gregory**—Prohibits discharge into any navigable lake or river of acids, industrial wastes, poisonous effluent or dye stuff or any refuse matter which would pollute the water.

**P. A. McCarthy**—Creates farm tenancy commission of five mem-

bers appointed by Governor, no compensation, to investigate relations of landlord and tenant, \$2,000 appropriated.

**Smejkal**—Creates commission of thirteen members to standardize salaries of state employees. Appropriates \$15,000.

**Hull**—Prescribes regulations concerning nurses and places under department registration and education. Reduces training course for registered nurses from twenty-seven to twenty-four months.

**Duiley**—Authorizes department of labor to make industrial census to find employment for returning soldiers.

**Barr**—Increases salaries to county superintendents of schools varying from five to forty-five per cent.

**Glacklin**—Provides that if the estimated deficiency exceeds ten per cent of original estimate, no contract shall be awarded in public improvements until after a public hearing and supplemental proceedings.

**Ross**—Provides for taking into Chicago sanitary district additional territory on referendum vote.

**Swift**—Requires epileptics to become inmates of state colony.

**Lantz**—Increases pay of commissioners of highways from \$4 to \$5 a day.

**Essington**—Provides for issuance of \$20,000,000 of bonds for construction of Illinois waterway.

**Barr**—Provides for erection of monuments or memorial buildings in honor of soldiers in counties on referendum vote.

**Dunlap**—Appropriates \$125,000 to department of public works and buildings to purchase and develop novaculite deposits to be used in hard road construction.

**Kessinger**—Enables state to take advantage of federal appropriation of Smith-Hughes act for vocational education.

**Barr**—Directs attorney general to begin proceedings against corporations which fail to make required reports. Power transferred from State's attorney.

**Barr**—Appropriates \$10,000 to attorney general to defray expenses incurred in connection with prosecutions following East St. Louis riots.

**Hewitt**—Appropriates \$125,000 to Chester penitentiary to repair limestone grinder and install electrical machinery.

**Austin**—Authorizes cities of less than 100,000 to call elections on proposition of erecting public memorials for soldiers, sailors and marines, and permits tax of up to six cents on each \$100.

**Brady**—Provides that expense of organization, equipment and maintenance of reserve militia shall be borne by the state.

**Appropriation committee**—Fixes fiscal year of state July 1st to July 1st.

**For Itching Torture.**  
There is one remedy that seldom fails to stop itching torture and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, blackheads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Mrs. Margaret Pine is visiting her daughter, Mrs. Wm. Pine and family in Okmulgee, Okla.

**Time Brings Joy  
And Happiness**

As the Hours Pass the Coming of Baby Draws Nearer—Are You Prepared?

No woman awaiting the joy of coming motherhood should allow the days to pass without using the wonderful penetrating application, Mother's Friend.

By its regular use throughout the period the system is prepared for the coming event and strain and tension is relieved. It renders the broad, flat abdominal muscles pliant and they readily yield to nature's demand for expansion. As a result the nerves are not drawn upon with that peculiar wrenching strain, and nausea, nervousness, bearing down and stretching pains are counteracted. The abdomen expands easily when baby arrives and the hours of the crisis are naturally less. Pain and danger as a consequence are avoided.

Mother's Friend not only allays distress in advance, but assures a speedy recovery for the mother. The skin is kept soft and smooth and natural and free from discoloration.

Write to The Bradfield Regulator Company, Dept. J, Lamar Building, Atlanta, Georgia, or their Motherhood Book, and procure a bottle of Mother's Friend from the druggist. It is just as standard as anything you can think of.

## WAR SERVICE FOR WOMEN

REQUIRES HEALTH  
AND STRENGTH

When was there ever a time when women were doing so much for mankind—and when was the health and strength of our women more vital to the very existence of our country. We can safely say **Never**. Their sacrifices, their industry, their courage, their patriotism is beautiful beyond words of description. But what of the poor one who wants to help but cannot because she is oppressed by some feminine disorder. To such we recommend with utmost confidence our successful old remedy and insert following a letter from one who proved its value.

Newark, N.J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss Flo Kelly, 476 South 11th Street, Newark, N.J.

The reason this famous root and herb remedy was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition.

## DELL NEVER FELT BETTER HE SAYS

Denver Man Takes Tanlac — Is Relieved After Two Year's Suffering

"For the first time in two years I am feeling strong and well again, and it was nothing but Tanlac that fixed me up," said George M. Dell, of 1357 Thirteenth street, Denver, Colo.

"I don't know what was the matter with me," he continued, "but I had lost my appetite and the little I forced down failed to digest and I suffered terribly with gas on my stomach. There was a constant pain in my back, and my legs and feet would swell so at times that I could not put on my shoes. My kidneys worried me so much I never could get a good night's rest. I felt tired and worn out all the time, the medicine I took did me no good and I got into such an awful fix that I had to lay off from work as much as three days at a time, and when I did go to work it was all I could do to get thru the day."

"Tanalac was recommended to me so strongly that I decided to try it and my first bottle brought my appetite back. I have been entirely relieved of that pain and bloating, my kidneys don't bother me any more, I sleep like a log and can do as good a day's work as anybody, in fact I never felt better in my life than I do right now."

Tanalac is sold in Jacksonville by Coover & Shreve; in Merceda by R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by the Wyle Drug Co.—Adv.

## DALY IS POPULAR

Makes Multitude of Friends in Each City

SAYS ITS NOT PERSONALITY

Eccentric Character Says His Remedies Are Cause of His Popularity and Makes Him Friends—Talks of His Work Here and Elsewhere.

The Tonalac man's stomach preparation, the medicine which is causing such a furore among the people and which is being introduced in Jacksonville, is practically a new remedy. It was first introduced by Harry E. Daly some nine years ago, and during that time has made him a fortune which is estimated above the million mark. His method of introducing the remedy is unusual, to say the least. Daly is noted for his philanthropy and his regard for the poorer classes of people and insists on traveling as he does in order to come in close contact with the people of small means, whom he wishes to benefit.

Altho very busy, the Tonalac man this morning gave five minutes of his time to a discussion of his work in Jacksonville. He was asked "How do you account for your extreme popularity in the cities you visit and the immense interest you arouse so quickly?"

With a smile, he replied: "Any popularity which I may acquire while traveling is not by any means due to my personality. All success which has come to me, I attribute to my good fortune in having obtained the formula which is used in preparing my stomach and nerve remedy. It is not do to any special liking for me that the people come to my office as you see them doing now, but it is simply owing to the fact that this medicine which I am introducing helps sick people and the sick man or woman who has been benefited is the most grateful person in the world."

"We who are well cannot realize what day and weeks and months of suffering mean. Good health after all is worth more than anything else in the world."

The Tonalac office is located at the Pacific hotel. Hours from 10 to 12 a. m.; 2 to 4 p. m., and 7 to 8 evenings. A registered physician is in charge and the examination free.

Another free show will be given tonight on the Billy Sunday lot. The Tonalac remedies are for sale at Armstrong's drug stores.—ADV.

## Kicking the Farmer

Lots of folks are kicking about the farmer—"the poor, misdirected, misguided, inefficient farmer"—you know how they talk. Why, they're so busy kicking about him, says

## The COUNTRY GENTLEMAN

that they don't realize how vastly more inefficient they are themselves. Look at the storekeeper—a lot of nerve he has, complaining about the farmer's inefficiency, when the percentage of store failures is 'way greater than that of farm failures!

And look at Congress—was ever anybody more inefficient than were our law-makers during the war? I should say not! Fact is, it's a popular thing—in the cities and towns—to lambaste the farmer for everybody's faults. Somebody's got to be the goat; kick the farmer, they say. But those folks are figuring without THE COUNTRY GENTLEMAN. It is on the job for the farmer with both feet, every week, fifty-two times a year. If you want to know how, let me lend you my copy to read. After seeing only one copy, you'll say: "Put my name on the subscribers' list. How much? Only one dollar? Cheap at the price." Why not let me order for you this week?

your happiness or chances in life.  
The man with Bio-Feren, steady  
nerves is full of vigor, energy,  
ambition and confidence.

You can have nerves of steel,  
firm sleep, new courage and firm  
mind by putting your blood and  
nerves in first-class shape with  
nightly Bio-Feren, a new discov-  
ery, inexpensive and efficient.

Men and women who get up so-  
red in the morning that they  
have to drag themselves to their  
daily labor will in just a few days  
awake with clear mind, definite  
purpose and loads of ambition.

All you have to do is to take  
two Bio-Feren tablets after each  
meal and one at bedtime—7 a day  
or 7 days—then reduce to one  
after each meal until all are gone.

Then if your energy and endur-  
ance haven't doubled, if your  
mind isn't keener and eyes  
brighter, if you don't feel twice  
as ambitious as before, any drug-  
gist anywhere will return the

### Harold Bartlett Writes Letter From France.

Harold Bartlett who has been in the overseas service of the army for considerably more than a year and who was for some time reported as dead is on the way home. In a letter from France written to Roy DesSive, this soldier indicates how glad he will be to get back on the home soil.

Marseilles, France May 22, '19

Dear Roy:

I've been sitting around all day wondering what to do and decided it was time I was dropping you a line. I've been laying around all winter waiting to get started on that homeward journey and at last I've made a start. But Oh Roy what a long, long trip and what a slow way of getting there. I hunt up a big map of France, find Tours up in the central part, then follow the line down to Marseilles on the Mediterranean Sea, and you'll have an idea of the kind of a trip we have already taken and what we still have to take. We have been down here three days and expect to leave most any time between now and next Christmas. Troops are leaving every day and we should go aboard ship sometime during the first part of next week unless we are delayed.

Roy I can scarcely wait to get back and grab hold of that old mill of yours again. Believe me, we will have one great old time when we get together again, even if Bart has got a slightly busted mit. We'll run that old canoe up to Clear Lake, and loose ourselves in the woods, and we'll forget there ever was a war. Really Roy, if I thought you could have been as fortunate in this game as I have been I'd say I wish you were with me, but when I saw good men get their cans knocked off all around me, I was glad you were where the whiz bangs couldn't make you duck.

Well unless something unlooked for happens we will be together again within a month or so and then we can talk it all over with each other away out in the canoe where nobody can bother us.

If all goes well we will spend the 4th of July together. Will write you as soon as I reach the states. So long,

Harold Bartlett.

### Describes Decoration Day in France.

Mrs. Carl E. Newport of Gladstone street has received a letter from her husband, who is with the Graves Registration Section of the A. E. F., giving some interesting facts regarding the Decoration Day services at Romange, France, where approximately 15,000 American soldiers who fell in the world war, are buried. He enclosed a copy of the program, which was as follows:

Arrival of the commander in chief.

"America." Entire assembly requested to join in the singing. Prayer—Chaplain Moody. Address—General Pershing. Salute and volleys, followed by taps.

"Star Spangled Banner."

The letter, in part, follows: "This is one Memorial Day that I never will forget. It was the occasion for the dedication of this Argonne cemetery, and it will be a large one when they have all of the graves fixed up. There are about 12,000 to 15,000 buried here, and when they move all of the dead from the field and woods near here, there will be at least 50,000.

"General Pershing and other American officers took part in the exercises, as well as some high French officials. They brought about 1,040 doughboys from the army of occupation in Germany, and they fired a volley over the graves. They also had a number of large guns and the earth sure shook when they were fired. There were about 10,000 of us here in the camp who stood at attention for quite a while, but our company got out of that for a number of our boys are away on trucks.

"It sure was a great sight to look out and see those thousands of white crosses, and every grave had a small flag and flowers. I saw high officers who had been all thru this war, wipe the tears away, and I was almost as bad. I didn't know when I have felt just like I did this afternoon and I sure will never forget this day.

"They had three or four bands and when they played 'My Country 'Tis of Thee' I am sure every man and woman there had a lump come to their throats. There was a number of 'Y' and Red Cross women out here for the day and helped decorate the graves. The French government sent a number of beautiful flowers and had a company here to take part.

"Those boys who came down from Germany today all were wearing three service stripes and most of them wound stripes for they took part in this great Argonne drive that put an end to the war.

"The noise around the camp is that we will be out of here in June, and they say that all of the troops will be out of here in July."

**GOOD ROADS MEETING.** Some very important matters are to come up for action at the meeting of the Morgan County Good Roads association to be held at the court house, Friday, June 20, 1919 at 8:00 p. m. All members and good roads boosters are urged to attend.

## WYOMING TO ENTER PROHIBITION RANKS

Sale and Manufacture of Liquor to Cease on July 1, Regardless of Whether National Prohibition is Effective in the Nation.

Cheyenne, Wyo.,—Wyoming, long the oasis of this section of the west, will enter the ranks of prohibition states on July 1. Sale and manufacture of liquor within the state will cease on that date regardless of whether national prohibition is effective in the nation.

Under terms of the constitutional amendment adopted by the voters at last November's election, Wyoming would have gone dry January 1, 1920. When the legislature met last January, however, it was deemed advisable to put the state law into effect July 1, this year, at the same time that it appeared national war time prohibition would be effective. A law was passed by the legislature authorizing this.

In addition to the power placed by state law in the hands of a state prohibition commissioner, there will be a law enforcement league, privately financed and operated to enforce the new law. This league already has begun the work of keeping Wyoming free of illegal manufacture and sale of liquor after July 1.

**Commissioner Suggested.** State house gossip is that Fred L. Grabbe, now superintendent of the Wyoming Anti-Saloon league, will be chosen prohibition commissioner.

"Not only bootlegging but commercial traffic in liquor must cease in accordance with the wishes of the people," said Mr. Crabbe in a statement to the Associated Press. "The voters gave the largest per capita dry majority of any state in the union and they are going to see that the law will be enforced. The law as passed by the legislature is one of the most drastic of its kind."

Saloons in Wyoming now pay a combined revenue of \$500,000 for privilege of operating. In the face of the approaching "dry spell" breweries are turning to other lines. Most of them will manufacture "soft" drinks.

Data gathered in the three largest cities in the state—Sheridan, Casper and Cheyenne—show virtually every barroom and saloon has been spoken for by proprietors of candy shops, soft drink parlors, cafes, music stores and restaurants.

Saloon men are cleaning out their stocks as rapidly as possible. It is stated with authority that it is stated with authority that respectable citizens of the state who lay in a moderate supply of liquor now for their own use after July 1 will not be molested, but the authorities have announced there will be eternal and vigilant warfare waged on the man who seeks to buy now and sell later.

Mail order business practically is at a standstill, the Reed law having stopped much of the importation into nearby states.

### KNIGHTS OF COLUMBUS WORK APPRECIATED.

Paris.—Acknowledgement of the service rendered to the soldiers by the Knights of Columbus has been sent by General Pershing to the headquarters of the organization here. Writing to the Overseas Commissioners Lawrence O. Murray and Edward L. Hearn, General Pershing stated: "I wish to express through you to the Knights of Columbus my appreciation and that of the officers and men under my command for the valuable service rendered by your organization to the American expeditionary force."

"The active work of your organization in France began early in 1918, was well under way by the spring of that year, and has been increasing in scope ever since. Before the cessation of hostilities its workers were attached to many of the combat divisions and recreation huts had been opened in the principal American concentration centers. Numerous commanding officers have commended the devotion to duty of your personnel, and have testified to their popularity and helpfulness among the troops whom they served."

"During the armistice, it has been particularly active in the promotion of athletics, a most valuable factor for health and contentment. It has also contributed to the success of the army entertainment program by generous appropriations for musical instruments and equipment of soldier shows; has increased its general recreational activities, helping materially to maintain the morale of the army during the inevitable period of waiting to go home."

### STEAMER TRAFFIC IS CONGESTED.

San Juan.—Five hundred persons who want to go to the United States this summer cannot leave Porto Rico because of a shortage of steamship accommodations. This is the statement of persons familiar with the demands for passenger accommodations to the mainland.

Many of those who have not been able to get accommodations reserved until late in August or September are business men who want to go North to buy goods and transact other business. All steamers for many months have been filled to capacity and at present there is no indication that the traffic will be less until cold weather sets in. In many instances people wanting to get to the mainland have gone to Cuba, Santo Domingo, the Virgin Islands or Venezuela in order to get passage to New York.

## THE OAKLAND--The Finer Sedan

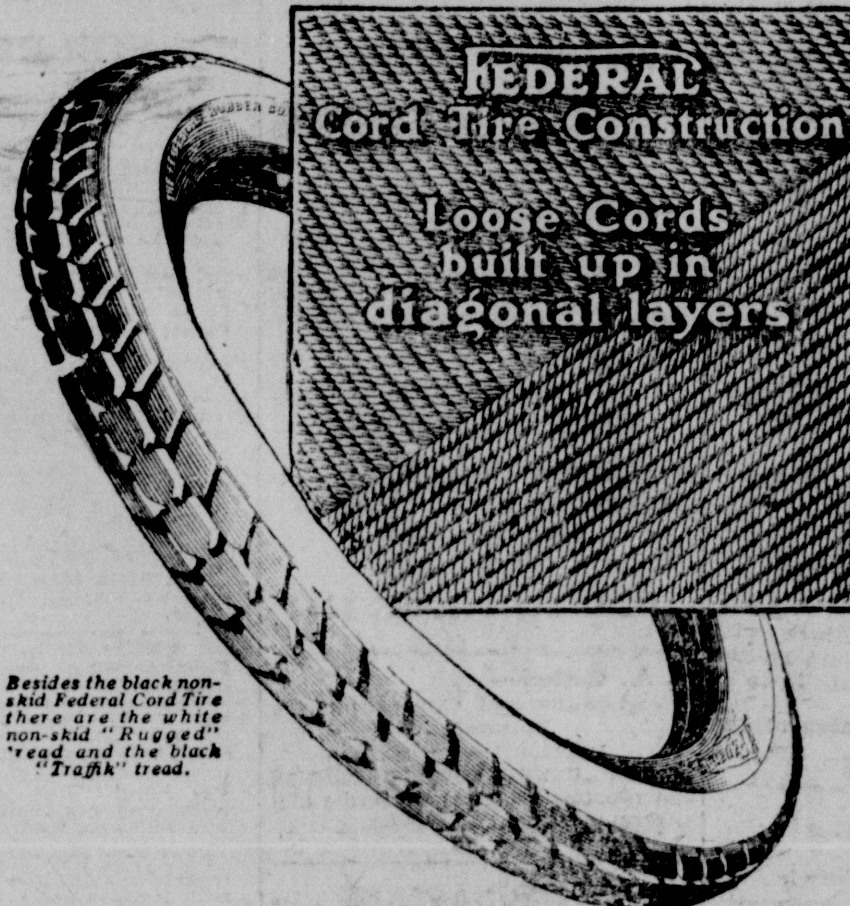

COOLER IN SUMMER  
WARMER IN WINTER

The air space in the Sedan Top serves the same purpose as an attic in a home which keeps the sun and heat from penetrating making it cooler than an open car. A demonstration will convince you. The utmost in comfort, durability and service.

## FEDERAL

DOUBLE CABLE BASE CORD TIRES

Besides the black non-skid Federal Cord Tire there are the white non-skid "Rugged" "read and the black "Tough" tread.

THE sole idea of Federal construction is to give "extra service" and that idea is of vital consequence to every tire user.

Note these exclusive Federal features—

Internal heat and friction, enemies of tires as of engines are minimized in Federal Cord Tires because the various layers of loose cords are impregnated with live rubber built up diagonally.

Instead of being cured in rigid metallic moulds with a tendency to produce uneven cord tension, every cord tire is vulcanized under internal air pressure.

The Double-Cable-Base holds the tire firmly to its rim, permitting the use of a soft bead filler instead of a hard filler, thus avoiding the possibility of side-wall chafing that often causes blow-outs above the rim. It will pay you to see a Federal dealer.

## One more chance to buy Cultivators, Gang Plows and Sulkies at Reduced Rates

We are informed by manufacturers that it is a settled fact that there will be no reduction of prices next year on the above mentioned goods, but in order to clean up our stock of these we will offer them for a very short time as follows:

Six shovel combination and straight rider cultivators \$49.50 cash; gang plows, 12 inch, \$100 cash; sulkies, 16 inch, \$70 cash.

See the old Buckeye mowers, later named the "Adriance" at our place. No better built. Moline sweep and sulky rakes.

A good stock of extra sweep rake teeth on hand.
